

TAYMORY

# CUSTOM BIKE

2019 / 20

TAYMORY.COM

A close-up, low-angle shot of a cyclist's upper body and their custom-built orange road bike. The bike features bright neon green handlebar tape and black grips. The cyclist is wearing a black jersey with 'Acquissimo Diffusion' and 'SHOWROOM' printed on it, and a black cap. The background is a blurred outdoor setting with other people and structures, suggesting a race or event. A white dashed line runs vertically on the left side of the image.

OPTIMUM FIT

  
**MEDIUM  
ZIPPER**  
1/2 OPENING

  
**UPF 50+  
SUN PROTECTION**

- Cycling suit designed **for cyclocross and gravel lovers**. Its main advantages are based on its aerodynamic pattern with sleeves up to the elbow and front zip for maximum opening. With **5 different fabrics** depending on the area of action.
- Its **aero-skin technology** makes the fabric very tight and designed to avoid the resistance of the wind and oxygenate the muscles during exercise.
- Being so tight we avoid any friction with branches or possible snags during training or competition. **Maximum lightness and excellent breathability**, incorporates 2 side pockets.
- In the legs we have incorporated our Zero fabric to protect from the water, rain and mud of the ground thus protecting its lightness, since this fabric repels these elements upon contact with them. This way we avoid absorbing water or mud by increasing the weight of the suit. **UV protection 50+.**

**Weight:** 200 grams

**Sizes:** XS - 3XL
